

Primary 3P

Termly Overview – Term 4 – 2025/26

Literacy & English

This term, we are turning our focus toward the art of **persuasion**! The children will be learning how to build strong arguments and convince others through their writing.

We will also have some fun recapping **describing bubbles** to remind us to keep using rich, descriptive vocabulary to capture the magic of our imagination. To keep our skills sharp, we will also revisit how to write clear **instructions** and tell great stories about our own experiences through **recounts**.

Our daily reading and spelling progress continues with the **Read Write Inc.** program to ensure everyone grows as a confident reader.

Our class novel, *Daisy and the Trouble with Jack*, will teach us about getting along with others and celebrating our differences while also finding similarities.

Numeracy & Mathematics

In Numeracy, we are diving into **multiplication and division**, helping the children understand how to group and share numbers efficiently.

We will also explore place value to strengthen our understanding of how large numbers are built, alongside more work on **fractions, decimals, and percentages** to see how we use parts of a whole in real life.

In our wider Maths lessons, we will be getting practical with:

Money: Learning how to calculate costs and manage budgets.

Measure: Investigating length and area through hands-on activities.

Direction: Developing our inner compass by exploring movement and positioning.

Interdisciplinary Learning & Other

Our big theme this term is **Farm to Fork**. We are embarking on an exciting journey to explore the world of agriculture and the food industry.

People, Society, & Economy: We will investigate the different jobs involved in getting food to our tables and how local businesses support our community.

Science - Biological Systems: Our young scientists will be exploring the wonders of **biodiversity**. We'll learn how plants and animals rely on each other and their environment to grow and thrive.

Global Goals: Using the UN Global Goal of No **Poverty** as our guide, we will reflect on the importance of food security. We'll think about how our choices and community actions can help ensure everyone has access to the resources they need.

RME Our focus shifts to **Hinduism**, exploring key beliefs and practices, while continuing to reflect on **Moral Values** and how our choices impact our planet and its people.

We look forward to learning and joining celebrations such as Walk to School week, Deaf awareness week, Pride month and Healthy eating week.

Health & Wellbeing

P3P PE days are:

Monday – Mr Davison

Wednesday – Mrs Latchford - *Ready to run, jump, and throw!* This term's PE focus is **Athletics**, where pupils will challenge themselves to improve their speed, power, and stamina through various track and field events. It is a fantastic way for the children to develop their individual coordination and determination while cheering on their teammates.

Our wellbeing focus this term is all about self-care and making **healthy choices**. Through our RSHP lessons, we will discuss our bodies and the importance of **keeping clean** and personal hygiene. We will also explore **healthy eating**, looking at how the food we choose fuels our bodies.

As always, we will use Emotion Works to help the children identify their **feelings** and develop positive ways to manage their emotions. We will also be looking at our new programme bounce back with a focus of **friendship** and kindness and building positive relationships with those around us

Dates for your Diary

- 20.04.26 – 30.04.26 – Financial Education Fortnight
- Friday 1st May – Staff Development Day (school closed to pupils)
- Mon 4th May – HOLIDAY
- 08.06.26 – 12.06.26 – Healthy Eating Week
- Friday 19th June – pupil reports issued today
- Friday 26th June – school closes at 13:30 for the summer

Communication & Home Learning

We'll continue sharing our class news, learning highlights and celebrations on Seesaw. Please join in by liking and commenting on your child's posts — they love seeing your encouragement!

We also welcome any home stories, creative projects or personal achievements that your child would like to share with the class.

We regularly post optional home learning tasks for anyone who'd like to try some extra activities at home. If you ever have trouble accessing them, please let us know.

If your child will be absent, please contact the office directly, as teachers may not always see Seesaw messages during the school day.

Please don't hesitate to get in touch with any questions or updates
Thank you for your continued support and enthusiasm this term!
